### **Why the change to PikMyKid?**

*The purpose of the changes in our dismissal system is in our mission statement: empowering parents with additional control to manage dismissal decision, and ensuring the safety of all of our students.*

*Our former walker release system, did not adequately verify student release to an approved adult, and the process for parents to change the pick up status was cumbersome.*

### **¿Por qué el cambio a PikMyKid?**

El propósito de los cambios en nuestro sistema de despido está en nuestra declaración de misión: otorgar a los padres un control adicional para gestionar la decisión de despido y garantizar la seguridad de todos nuestros estudiantes.

Nuestro antiguo sistema de salida de estudiantes no verificaba adecuadamente la salida de los estudiantes a un adulto aprobado, y el proceso para que los padres cambiaran el estado de recogida era engorroso.

## Goals of the PikMyKid Training:

*Parents will be able to:*

- *understand the most updated dismissal procedure so that they can communicate it to our JHAE parents.*
- *have their concerns addressed and considered in our dismissal system.*

Objetivos del Entrenamiento PikMyKid:

Los padres podrán:

- entender el procedimiento de despido más actualizado para poder comunicarlo a nuestros padres de JHAE.
- que sus inquietudes sean abordadas y consideradas en nuestro sistema de despido.
